## FACULTIES OF ARTS AND SCIENCE.

### (1) The National Theosophical College, Adyar (Madras).

1. *General—Origin and Previous History:*—The College has grown out of the National High School, started in the summer of 1918 at Teynampet and since removed to its own grounds, covering about 25 acres, in Guindy Road, Adyar. The Intermediate classes were added in 1924. The School was started mainly to build up a residential public school for boys at first and later for girls also, in which they may have an atmosphere where opportunity may be given for the development of every side of their nature, physical, emotional, mental and religious. The chief work consists of attempts to build up on a basis of careful experimental and constructive work, an efficient system of education, suited to our needs.

2. *Management.*—The Theosophical Educational Trust, Adyar, owns the College and exercises general control over its affairs. The immediate management of the College is vested in a small committee consisting of the President of the Trust, the Principal of the College, a member of the Trust elected by itself every two years and two members of the staff nominated by the Trust every two years.

3. *Finance, including capital endowment, other items of receipts, etc., Provident Fund.*—The Theosophical Educational Trust has property donations and subscriptions from which it meets the expenditure beyond that covered by the fees and the Government grant. This is met by regular subscriptions from friends and sympathisers with the educational movement and Theosophical Society all over the world. The subscriptions meet the expenses at this School and College to about Rs. 20,000 to Rs. 30,000. About 100 parents of boys and girls here are prepared to meet each of them, any further expenditure necessary to the extent of Rs. 100 annually, i.e., Rs. 10,000 more.

There are no endowments to the College separately.

All the members of the staff except the Principal, who is honorary, have joined the Provident Fund.

4. *Buildings.*—The School and College consist of several freely ventilated cottages in which the classes are held. There are no pucca buildings except the Laboratory and the hostel store room and kitchen.

The boys live with one or another of the teachers and grow in an atmosphere of affection and are given individual attention. A resident doctor attends daily to the health of the boys. The girls have separate houses in which they live under the care of lady matrons. Boys live in small groups, each with their House Masters.

### (3) Madras Christian College

1. *General*.—This institution was founded in 1837 by the Rev. John Anderson, the first Missionary of the Church of Scotland to Madras. It was originally styled the 'General Assembly's Institution,' but remaining in dependence on that section of the Church which in 1843 dissolved its connection with the State, it was known from that time as the 'Free Church of Scotland Mission Institution.' The College department was opened in 1865. In 1876 its basis was widened. Other Christian bodies combined with the Free Church of Scotland in contributing to its support, and it became the most important centre of Christian liberal education in Southern India. The bodies which contribute to its support and are **represented on its Council** are, at the present time, the United Free Church of Scotland, the Wesleyan Missionary Society, the Church Missionary Society, the Church of Scotland, the American Baptist Foreign Mission Society, the London Missionary Society and the Reformed Church of America.

2. *Management*.—The College was incorporated in 1887 as a Limited Company under the Indian Companies Act of 1882. The management is vested in three statutory authorities, the Governing Board which meets in Great Britain, the College Council, and the Senatus. The composition and respective powers of these bodies are set forth in the Memorandum of Association, and the Articles of Association as amended in 1889 and 1911, which are published as an Appendix to the College Calendar. There is also a Staff Council, consisting of the entire teaching staff of the College and the Superintendent of the School Department; and the teaching staff as a whole is further organized into Departments, each consisting of the Professors and Lecturers connected with one Group of the B.A. courses and the related subjects of the Intermediate courses. In addition there are various Standing Committees.

3. *Finance*.—The working expenses of the College are met from fees, from Grants received under the Grant-in-Aid Code of the Madras Educational Department, and from contributions received from the various Churches and Societies named above. The College has for many years maintained two Retiring Funds, for Professors and other members of the staff.

### (5) Madras, Pachaiyappa's College.

1. *General—Origin and Previous History.*—This is a purely Hindu Institution maintained out of the fruits of Hindu benevolence, managed by a body of Hindu Trustees and dedicated solely to the education of Hindu youths. About the time when Sir Thomas Munro, Governor of Madras (1820-27) instituted an inquiry into the conditions of the people with a view to spread facilities for English education among them, legal steps were taken to recover the noble bequests made in 1794 by Pachaiyappa Mudaliar who occupied the high office of the Chief Agent of the East India Company at the Tanjore Court. In the years 1826-39 efforts were made successfully to recover these endowments by decree of the Supreme Court and to devote them to the starting of English Schools at Madras, Conjeevaram and Chidambaram.

The Pachaiyappa Central Institution, which subsequently developed into Pachaiyappa's College and School, was opened on the 1st of January 1842.

Pachaiyappa's Central Institution first served as a feeder to the Madras High School at which a number of pupils were educated every year at the expense of Pachaiyappa's Charities; and these were designated Pachaiyappa Scholars. After the foundation of the Madras University, the Institution began teaching up to the Matriculation standard; in 1880 the School rose to the rank of a second grade College and was raised to the first grade status in 1889, with History and Philosophy as the optional groups in the B.A. Course. Affiliation in Mathematics was obtained in 1904 and in Physical Science in 1912; provision was made for teaching the group—Tamil and South Indian History—in Branch vi of the B.A. Course in 1918. Consequent upon the College becoming a Constituent College of the University since the passing of the University Act of 1923, the authorities of the College resolved to open the Honours Courses of study; in 1924 affiliation was obtained in History Honours, and in the next year, provision was made for the teaching of Economics Honours and Philosophy Honours—the latter to be carried on in co-operation with Christian College.

2. *Management.*—The first Board of Trustees was constituted in 1839 by decree of the Supreme Court and sustained its continuity by co-optation till 1909 when its composition, tenure and relation with the Principal and the College Council were regulated by decree of the High Court which framed a new scheme of management for the charities. The Board of Trustees consists of nine members holding office for five years and eligible for re-election. Of these nine, two are elected by the Hindu members of the Corporation of Madras, two by the Hindu members of the Senate of the University, one by the College Council, one by the registered Graduates of Pachaiyappa's College of ten years standing, and the remaining three by co-optation by the other Trustees, so as to provide suitable representation for the other communities and interests which have largely added to the scope of the Charities by means of endowments and bequests.

The College Council, constituted according to the scheme of the High Court of 1909, consists of the Principal who is *ex-officio*, its President, the Professors of the College (including additional Professors), the Headmaster of the College School, and one member elected by the Trustees and one by the Junior Staff of the College from among their number (both annually chosen). The executive management of the College is vested in the Principal who has complete control over matters of discipline and over the clerical, ministerial and menial staff. He can, in consultation with the President of the Trustees fill up any temporary vacancy

in the staff for a period not exceeding three months and recommend in the same manner suitable persons for permanent appointments in the staff. He has supervising powers over the working of the College school. The College Council assists and advises the Principal in the distribution of work among the members of the staff, the framing of the time-table, courses of study, selections of text-books, holding of examinations, promotions, purchase of books and apparatus for the College and School, awarding of prizes and scholarships, and control and supervision of sports and gymnasia.

3. *Finance*.—The capital endowment for the maintenance of Pachaiyappa's Institutions is about five lacs yielding an annual income of about Rs. 20,000. Provident Fund was originally started in 1915 giving the members of the staff one anna in every rupee of their salaries in addition to the one anna that they contribute. The scheme was compulsory on all who were entertained after 1915 and optional in the case of those who entered service before. It has since been merged in the Government scheme of Provident Fund for aided institutions started in 1923. There is also the system of gratuities sanctioned by the Trustees to their servants for long and faithful service.

4. *Buildings*.—The present building with a spacious hall attached to it, was built in 1850, and with various additions and improvements made subsequently it is worth over five lacs of rupees. The hostel ground in Chetpet is very spacious and covers an area of about 60 acres and is sufficient for the construction of buildings for locating the College department and providing facilities for the residence of staff.

5. *Hostel*.—In 1914 with the aid of a large grant from Government and of donations and bequests, the scheme of constructing a large hostel was put into force; the foundation stone of the Chetpet hostel was laid on the 1st April 1914 by H. E. Lord Pentland. Meanwhile a new hostel admitting all students of the College and School was started in spacious premises in Chetpet. The new hostel which was built at a cost of four lacs was ready for occupation in the year 1915-16. Its grounds and accommodation have been enlarged by the generous grant of the adjoining Dare's gardens for the use of the students.

## (12) (Saidapet) Teachers' College, Madras.

1. *General—Origin and Previous History.*—The Madras Normal School was opened in February 1856, and was intended to prepare teachers of all grades for employment in mufassal schools. All the students received a course of general instruction and were at the same time trained for the work of teaching. The course of general instruction was in the beginning laid down by the Principal, but was afterwards adapted to meet the needs of the "Grade Examinations" instituted in 1859. In 1862 the subjects of study, so far as the upper grades were concerned, were changed so as to enable students to prepare for the several University Examinations, and as a consequence of this alteration the training of teachers of lower grades was discontinued at this institution. The school continued to train teachers and also to give them general instruction till 1872, when it was deemed expedient to narrow the sphere of its work by limiting it to professional training only. The period of training was now reduced from two years to one year, and in the case of graduates to six months. In 1876 it was resolved to introduce instruction in certain useful subjects not included in the ordinary school curriculum, and a beginning was made with Agriculture. With a view to placing teaching on a more scientific basis, lectures on the Principles and the History of Education were commenced in 1883. The name and scope of the school changed in 1886 when it was affiliated to the University and began to prepare candidates for the L.T. Degree Examination, which had been established in the preceding year. In 1887 the Teachers' College was transferred to Saidapet. An Elementary Training School in Madras was attached to the Teachers' College in 1891, another at Saidapet was added in 1894, and two more in 1896. These schools, along with the gymnasium transferred to Saidapet in 1892, constituted the branch institutions attached to the Teachers' College. Of these

branches the Adi-Dravida and the Muhammadan Branch Training Schools were placed under the Inspector of European and Training Schools in November 1903, and the Hindu Branch Training School was also transferred to the same officer in June 1905.

In 1904 a special block of buildings was erected for the accommodation of the Kindergarten Department of the practising school attached to the College, and a Lady Superintendent, with European training, was placed in charge of that department.

In 1911 the Teachers' College was reorganized, and the collegiate section of the Training College, Rajahmundry, was amalgamated with it. The new syllabus prescribed by the University in 1910 for the L.T. Degree Examination, and the new courses of study framed by the Educational Department for the Secondary School-leaving Certificate in the same year necessitated the training of teachers for giving instruction in special subjects. Accordingly, lectures were appointed for the subjects of Mathematics, Physical Science, Natural Science, History and Geography, and the graduate normal students were required to specialize in one of these subjects, besides going through a general course. The Teachers' College was removed to the building formerly occupied by the Agricultural College, and its staff was differentiated from that of the High School which formed an integral part of it before. The School department, now called the Model High School, was provided with a permanent staff of teachers, thus obviating the necessity of employing the normal students to do the major portion of the teaching work in the school, as was the practice under the old system. The Manual Training section was opened in 1914 and the Vocational Training section in 1923.

2. *Management.*—The Institution is managed by Government.

3. *Finance.*—The entire expenditure is being met from Provincial Funds.

4. *Buildings.*—The College possesses extensive buildings for the accommodation of the training and practicing sections.

5. *Hostels.*—The College has hostels attached to it which provide for the boarding and lodging of the students belonging to all castes and creeds.

6. *Courses of Studies.*—The courses of studies prescribed by the Syndicate are being followed.

7. *Library.*—The Library contains 10,409 volumes mainly relating to the methods of teaching.

8. *Endowments.*—There are two endowments—one for prize and the other for a medal. The students undergoing training are paid stipends from public funds ranging from Rs. 15 to Rs. 35 according to the qualifications and nationalities of the students.

9. *Miscellaneous such as provision for games, etc.*—The College provides for games such as Football, Badminton, Volley-ball, Tennis, etc., and there are extensive grounds adjoining the College.

It was recognized as a middle school in 1873, as a High School in 1879, and affiliated to the University of Madras as a second-grade college in 1909, for the special benefit of Christians and Thiyyas who formed the bulk of the students.

The site of the present buildings which were occupied in 1906 was acquired by Government under the Land Acquisition Act and handed over to the "Basel Mission Educational Council". The Rev. W. Muller, a graduate of the Tubingen University, was the first Principal. The buildings cost Rs. 60,000.

The College includes Primary, Lower Secondary and High School Departments.

2. *Management.*—During the war, when the missionaries had to give up their work, Dewan Bahadur G. T. Varugese undertook the management of the College, but in 1919 when it was found more and more difficult to finance the College the Madras Christian College Council took over the Management of the whole institution under the name of the Malabar Christian College. A *Senatus* was appointed as the local governing body. After the return of the Basel Mission the *management* of the College was retransferred from the Madras Christian College Council to the Basel Missionary Society with effect from 1st April 1927. The College Council with at present 4 *ex-officio* and 4 nominated members is the local governing body.

The members of the hostel manage their own feeding arrangements under the supervision of the warden.

5. *Courses of Studies.*—The College is affiliated in Group A and B of the remodelled Intermediate Course. Instruction is offered in Mathematics, Physics, Chemistry, Ancient History, Modern History, Indian History (affiliated in 1928), Logic, Sanskrit and Malayalam. Under Part II provision is also made for the teaching of German and French. Application for affiliation in German will be made in due course.

Religious instruction is also included in the course of studies.

6. *Library.*—The library contains about 4,500 volumes. A reading room for teachers and students is attached.

7. *Endowment—Scholarships, Prizes, etc.*—The “*Dr. Hermann Gundert Scholarship*” founded by Rev. W. Muller, the first Principal of the College, of the annual value of Rs. 50, is tenable in the Senior Intermediate Class and is awarded to that student of this class who not having failed in any subject obtains the highest aggregate number of marks at the annual examination of the Junior Class.

In addition the College offers a number of *scholarships* to poor and deserving students.

8. *Miscellaneous.*—Provision is made for games, such as Foot-ball, Hockey, Tennis, Volley-ball, Basket-ball, Base-ball and Badminton. Participation in *Physical training classes* is compulsory.

### (20) Kottayam, C. M. S. College.

1. *General—Origin and Previous History*.—English education has been given by the Missionaries of the C.M.S. in Kottayam continuously since 1816. A Seminary was opened in that year and conducted by English Missionaries working in conjunction with the authorities of the Syrian Church. It was endowed partly by gifts from England and partly by a generous endowment consisting partly of land and partly of funds made by the then Rani of Travancore, Rani Sri Parvathi Bai. In 1837 it was found necessary to divide the endowments. About a half of the total sum was given in trust to the 'Missionaries at Kottayam' for the education of Syrian Christian boys and a new College building was built in that year under the supervision of the late Rev. Henry Baker senior. Although already styled a College the institution was only a High School. In 1862 the school began to send up candidates for the Matriculation Examination. In 1892 F.A. classes were opened and the institution began its career as a second grade College. In 1909 with the organisation of the Intermediate course a separate block of buildings were erected for the College section, and in 1910 the College classes were transferred thither. The College was then affiliated for giving instruction in English, Malayalam, Sanskrit, Mathematics, Physics, Chemistry, Ancient History, Modern History and Logic. In 1923

the College was further affiliated in Natural Science and a spacious hall was added to accommodate the general classes. In 1927 Indian History was added to the subjects of instruction and an additional block of buildings was erected to provide private and common rooms for the staff, and store rooms for Physics, Chemistry, Natural Science and Games.

2. *Management*.—The ultimate control of the College rests with the Church Missionary Society in London. The Society has entrusted the management to a local Governing Board. According to the present constitution this Board consists of 14 members of whom five, *viz.*, the Bishop of the Diocese, the Diocesan Treasurer, the Diocesan Representative of the C.M.S., the Principal of the College, and the Headmaster of High School department are ex-officio, four are elected by the Diocesan Council, one by the staff of the College, two are nominated by the Bishop, and the remaining two co-opted by the Board. Besides exercising a general control over the affairs of the College, the Board sanctions the annual budget, determines general lines of policy and looks after the buildings and properties of the College. The Principal is the Secretary of the Board.

3. *Finance*.—The ultimate financial responsibility for maintaining the College rests with the Church Missionary Society. The current expenses are met from the fee income, the income from the endowments, and occasional grants-in-aid for appliances and apparatus from the Travancore Government.

4. *Buildings*.—The buildings of the College stand in about 10 acres of land. The main block is built on the top of a hill on a commanding site facing west. It is a two-storied building containing laboratories and lecture rooms for Physical, Chemical and Natural Science and lecture rooms for Mathematics, History and Logic. It also contains a Library and Reading room and office rooms. A large hall close by and at right angles to the main buildings at the south end accommodates general classes in English and Malayalam. At the north end and parallel to the hall is the staff room block.

5. *Hostels*.—There is a large, well-ventilated, two-storied hostel on the College premises, which provides accommodation for 45 students, and residential quarters for a warden. In addition the College rents two spacious buildings in the immediate neighbourhood which accommodate about 30 additional students. There is a separate residential warden for each of the hostels.

6. *Courses of Study*.—Intermediate course—Affiliated in 1908, 1923 and 1923.

Part II.—Malayalam and Sanskrit.

Part III.—Mathematics, Physics, Chemistry, Natural Science, Ancient History, Modern History, Indian History and Logic.

7. *Library*.—The library contains about 4,000 volumes classified under the sections, Literature, Literary History and Criticism, Shakespeare, Language and Rhetoric, Fiction; etc. An allotment is made each year from the funds of the College for the improvement of the library. There is also a small hostel library for the use of the hostel residents.

8. *Endowments, Scholarships, Prizes, Etc.*—The College shares with the High School attached to it an endowment known as the Syrian Trust Endowment, which brings in an annual income of about Rs. 6,000. From the endowment provision is made for eight major scholarships in the College at Rs. 36 per annum and four exhibitions at Rs. 80 to Rs. 100 per annum for ex-students of the College who are prosecuting their studies either at Alwaye in Arts or in Madras in Arts, Medicine or Engineering. The scholarships and exhibitions are open for competition to students of Syrian parentage. Besides these there is provision from the general funds for six educational scholarships and three Hostel scholarships. These are open to deserving poor students. In addition to these there are endowments—P. George memorial Prize, Jacob Chandy memorial Prize and Mani memorial Prize—for prizes.

9. *Miscellaneous*.—There are fields for Football, Hockey and courts for Tennis, Basket Ball, Volley-Ball, Sixes and Badminton. There is a graduate member of the staff trained as a Physical Director to look after the physical activities of the students.

(24) **Palamcottah, St. John's College.**

1. *General—Origin and Previous History:*—This institution was founded by Missionaries of the Church Missionary Society as an Anglo-Vernacular School at Palamcottah about 1835. It developed into a High School, and was affiliated to the University of Madras in 1878 as a Second Grade College, being the first institution in the district to attain College rank. In January 1880 the College was transferred to Tinnevely Town.

In 1897, owing to the congested nature of the site of the College, much-needed expansion was made possible only by moving to a new site, and a new building was erected just outside the town boundary at a cost of Rs. 65,000, in which the College was carried on until April 1928.

In 1928 a much more extensive scheme of development was carried out, involving the transfer of the College back again to Palamcottah. There on a healthy open site of about 50 acres a largely residential College was built at a cost of some Rs. 2,50,000. The foundation stone was laid by His Excellency Lord Goschen towards the end of 1925, and on that occasion the original name of C. M. College was changed to St. John's College.

The College exists primarily for the large Christian community that has grown up round the work of the C.M.S., S.P.G., and other Missions in Tinnevely and neighbouring districts. It is, however, open freely to all communities.

2. *Management.*—The College is managed by a Governing Board, on which are represented the Missionary Societies supporting it, the Tinnevely Diocesan Executive Committee, and the Staff. The Bishop of the Diocese is ex-officio Chairman.

3. *Buildings.*—The main buildings consist of two large blocks, with Library, Lecture Rooms, Science Laboratories, etc., and in addition four Hostels, a Chapel, two bungalows, and accessory buildings.

4. *Courses of Study.*—The College is affiliated in the Intermediate course in Tamil in Part II, and in Ancient History, Modern History, Indian History, Physics; Chemistry and Mathematics in Part III.

5. *Library.*—There is a College Reference Library containing about 250 volumes, together with historical Charts and maps; also a lending library containing over 3,000 volumes.

6. *Endowments—Scholarships, Prizes, etc.*—There are a number of S.P.C.K. and Diocesan Scholarships open only to Christian Students; in addition there are 5 scholarships (in value equal to half the tuition fee) open to all, irrespective of religion and community, awarded on the results of the S.S.L.C. examination. In its extensive grounds the College has ample facilities for games. At present there are two hockey fields, one football field (and a second in preparation) and several Volley Ball and Badminton Courts. There is a regular system of games, the students being divided into sets, under the supervision of the Director of Physical Training, assisted by a number of members of the Staff.

## INSTITUTIONS AFFILIATED IN THE DEGREE COURSES.

(31) *Alwaye, the Union Christian College.*

1. *General.*—This institution was founded in June 1921 as the result of a desire among some of the Christian Churches in Travancore and Cochin for co-operation in educational work.

An old Cutcherry building and 20 acres of land surrounding it were granted to the College by the Government of Travancore in September 1921. About 24 acres have been subsequently added by the purchase of adjacent plots.

The College is almost entirely residential, the great majority of the students and a large number of the members of the Staff living in quarters provided for them in the College premises.

2. *Management*.—The College is owned and governed by a Council which is an Association registered under the Companies' Regulation of Travancore, including among its members representatives of "The Malankara Syrian Church", "The Mar Thoma Syrian Church" and "The Anglican Church in Travancore and Cochin".

3. *Finance*.—The main sources of income have been donations from sympathisers in India and abroad, Government grants and fees collected from students. From the starting of the College and especially since its development as a First Grade College the Church Missionary Society has been taking a keen interest in the institution and helping it by maintaining one of its missionaries to work as a member of the College Staff. A Provident Fund to which the management contributes one-half has been started for the benefit of the permanent members of the Staff.

4. *Buildings*.—The College buildings consist of two two-storeyed structures, one for the accommodation of the Arts departments and another for the Science departments. There is also a separate building for the use of the teaching Staff. Two houses have been built in the premises for the use of the Principal and another married Lecturer.

A gift made by Mr. Alladi Krishnaswami Ayyar helped to form the nucleus of the History Section of the Class Library and it is called the "Kellett Library" after the late Professor F. W. Kellett of the Madras Christian College.

Books on subjects other than English, Malayalam and Theology are placed in Class Libraries under the charge of the respective lecturers.

## (49) Trichur, St. Thomas' College.

1. General.—In 1889 Bishop Adolphus E. Medlycot, the first Vicar Apostolic of Trichur, opened the St. Thomas' Boarding School and his successor and first Indian Bishop of Trichur, Dr. John

Menacherry made it a complete High School in 1904. Trichur being a progressive educational centre, the need for a College was keenly felt and early in 1919 Bishop Menacherry undertook to raise the High School to a College. In 1925 Monsignor Francis Vazhapilly, the present Bishop of Trichur, got the institution affiliated as a First Grade College.

2. *Management*.—The College is owned and maintained by the Syrian Catholic Diocese of Trichur and its management is therefore vested primarily in the Bishop. His Lordship invariably appoints one of his clergy as the Official Manager with powers to make all appointments and administer the finances of the College. In 1925 a Managing Committee was constituted with the Bishop as President, the Manager as Secretary, the Principal and the Senior Lecturer as *ex-officio* members, with two of the former Managers of the College as additional members.

3. *Finance*.—The properties and other resources of the Diocese are guarantee for the maintenance and stability of the institution. The initial outlay and all the recurring expenditures on buildings and equipments have been met from the general funds of the Diocese. The Cochin Government grants occasional subsidies, especially for the Science Laboratories. No Provident Fund has yet been started for the benefit of the Staff.

4. *Accommodation*.—The main block of buildings for the use of the College was erected in 1918 at a cost of Rs. 75,000 and a further sum of about Rs. 25,000 was expended in 1925 and subsequent years for providing additional accommodation.

5. *Hostels*.—There is a Boarding House for unmarried Catholic students in St. Mary's Thope with about 20 acres of grounds, and premises have already been secured near the College for separate Christian and Hindu Hostels at a total cost of Rs. 20,000. The majority of the students requiring hostel accommodation are for the present living in rented cottages and houses under the control and supervision of the Principal and other members of the staff.

6. *Courses of Studies*.—(a) The College was first affiliated as a Second Grade College in 1919 in Group (iii) of the Intermediate course and Group (i) (Mathematics, Physics and Chemistry) was added in 1922. ## FACULTY OF AGRICULTURE

### (53) Agricultural College, Coimbatore.

1. *General—Origin and Previous History.*—The Agricultural College at Coimbatore is the successor of the old School of Agriculture which was attached to the Experimental Farm at Saidapet in 1876. By the opening of that school Madras led the way in the inauguration of Agricultural Education which has since been followed by other Provinces. Several changes were made in the Saidapet College, notably in 1886 when the Madras Technical Education

Scheme came into force, and again in 1890 when teaching was confined to the course leading to the Diploma in Agriculture and the Director of Agriculture was given some voice in the management which had previously been in the hands of the Director of Public Instruction. From 1902-1904 the whole future of Agricultural Education was considered in detail and it was decided to found an institution worthy of the prominent place Madras had always taken in this cause. Coimbatore was chosen as the site and the foundation-stone of the present College was laid in 1906 by His Excellency Sir Arthur Lawley who afterwards opened the building on July 14, 1909, one year after the first batch of students had been admitted.

2. *Buildings, Hostels, etc.* :—The College is a residential institution, all students being required to live in the Hostel. 4. *Endowments, Scholarships, Prizes, etc.* :—Six scholarships of the value of Rs. 25 per mensem are offered by Government to students entering the Degree Course and these are awarded as follows :—(1) Two scholarships to students from the Depressed classes (2) one scholarship to a deserving Muham'nadan student, (3) two scholarships to poor and deserving students, irrespective of the community to which they belong, provided that they come from families actually engaged in Agriculture, (4) one scholarship to the best student of the first year class, the scholarship being given at the commencement of his second year. A private scholarship, 'The Pentland Scholarship' of the value of Rs. 110 per year, tenable for up to three years, may be awarded to a first year student from British Malabar of decided ability, especially if he requires financial assistance. ## FACULTY OF LAW.

## (55) Trivandrum, Maharaja's Law College

1. *General—Origin, Previous History and Management.*—In 1894 the Trivandrum Law Class, which was opened in 1875 and affiliated to the University, was raised to the status of a College. It is intended to afford instruction to students preparing for the M.L. and B.L. Degree Examinations of the Madras University and the Pleaderships, Civil and Criminal Special Tests, and such other examinations in Law as have been or may hereafter be instituted by the Travancore Government. In June 1902, the old rules regulating the constitution and working of the Law College were revised by His Highness the Maharaja's Government by which the general management of the College was vested in the Principal subject to the control of the Dewan, the Law College Council being thus abolished. In January 1909, a slight modification was made by placing the Law College under the Director of Public Instruction. This arrangement was subsequently altered when in April 1910, it was finally placed under the control of the High Court. The Law College, it may be noted, is the only self-supporting educational institution in Travancore. The rules of the Madras Law

College have, with very slight alterations, been adopted in the institution. The curriculum for B.L. students is that laid down by the University regulations.

2. *Hostel*.—Attached to the College is a caste Hindu Vegetarian Hostel which was opened with effect from August 17, 1919. The Hostel finds accommodation for fifty students. The members share the actual boarding expenses among themselves rateably. A Junior Professor is also the warden of the hostel.

## ORIENTAL TITLES INSTITUTIONS.

### (1) Kallidaikuruchi, The Vaidika Dharma Samvardhini Sanskrit College.

1. *Origin and Previous History.*—The institution was founded on the 10th of June 1917, thanks to the untiring energy and disinterested earnestness of Mr. S. V. Ramamurthy, I.C.S., the late Sub-Divisional Officer of Sermadevi, to whose efforts the institution owes its present position. At the beginning it was under the management of the Sermadevi Taluk Board, the public of Kallidaikuruchi helping the Board with decent contributions. Finding it impossible to meet the expenses of the College, the Board refused to maintain the institution. So on the 1st of May 1919, a committee of nine members, mostly belonging to the village of Kallidaikuruchi, took up the management of the College. Consequent upon the refusal of the Board the College was named 'The V.D.S. Sanskrit College' which, under the Board's management, went by the name of 'The Board Sanskrit College.'

2. *Building.*—The College is now situated in a terraced building built of stone on the right bank of the river Thamraparni opposite to the bathing ghat at Ambasamudram. The building with its site is with the mahajanams of Kallidaikuruchi and is given free for Sanskrit learning. The site of the building is bounded on the south and west by paddy fields, by a mango grove on the east and the river on the north.

## (2) Shrimath Bhuvanendra Sanskrit Mahavidyalaya, Shri Srinivas Ashram, Karkal.

This institution came into existence on the advice of the late very much revered Srimat Bhuvanendra Thirtha Swami of Kasi Mutt and was made possible by the liberal endowment left by Kukkundur Anantha Padmanabha Kamath for spreading Sanskrit Education in Karkal. In its infancy, the School could boast of having produced famous Pandits and Astrologers, but subsequently owing to the inroad of Western thoughts and ideas, the importance of Sanskrit Education was not so deeply felt and the institution dragged on a slumbering existence for some more years. Lately, with the change in the methods of teaching as well as in the subjects taught, by which English and other subjects were introduced in the syllabus, the School has been once again established on modern lines and this useful combination of Eastern and Western methods of teaching continue to be a source of attraction and utility.

With the institution of the Oriental Title Examinations of the Madras University, the School has attained a still higher status and classes were gradually opened for the instruction of the students in higher Sanskrit Studies.

The Mahavidyalaya is at present located in the commodious Hall erected in the spacious grounds of Sri Srinivas Ashram, Karkal. The College students reside in the Ashram itself, where their boarding and lodging arrangements are carefully looked after by the Superintendent of the Ashram. Great stress is laid on the daily duties of the Brahmacharies in the Ashram and in this respect the Ancient Hindu Ideal is followed with advantage.

The management of the Vidyalaya vests in M.R.Ry. K. Subraya Kamath Avl., the son of the original doner. Mr. K. P. Kamath, M.A., L.T., B.L., is the Honorary Principal and Correspondent of the Institution.

Attached to the College there is an Ayurvedic Dispensary under an able physician well-versed in the Ayurvedic system of Medicine. The Preparation Department of the Ayurvedic Dispensary provides facilities for the practical training of such boys as would like to take up the subject of Ayurveda which has been introduced in the College curriculum. Spinning and tailoring have been introduced and weaving, carpentry and smithy will be introduced as funds permit. The vast plots in front and behind the College hall have been levelled down for Agricultural and Horticultural purposes. Instruction in these branches is also imparted. Typewriting also has been introduced. The ideal before the management is to train up boys to grow spiritually, morally, physically and intellectually strong and to help them to carve out independent and honourable career for themselves.

(10) Sree Ubhaya Vedanta Yarthani College

or

The Sanskrit College, Sriperumbudur.

1. This institution was founded in the year 1890 by one Sriman Bellamkonda Raghavachariu, and it was recognised as a school by the Director of Public Instruction, Madras, in the year 1891. As the very name of the institution signifies, it was founded with a view to the advancement of Learning through the two channels provided for the purpose, namely, first, the knowledge of the Sanskrit Vedanta and second, that of the Tamil Vedanta or Dravidopanishad as it is called. The essence of the Sanskrit Vedanta Philosophy being altogether inaccessible to the mass, its spirit was revealed and communicated to the world through the medium of Tamil by the giant intellects who flourished in South India in the course of the last fifty centuries and more at a time when the centre of civilisation in India drifted its course from the north to the south. The great Satagopa Muni or Nammalwar, as he is known in Tamil, saw the light of Alwar Tirunagari, Tinnevely District, fifty centuries back and sang the whole Veda in Tamil, the Tiruvaimoli being the very essence of the Sam Veda. It is evident the founder of the Institution aimed at nothing but the propagation of sound education by providing means for all-round culture at a place of historic interest, the birth-place of the World-Educator, Sri Ramanuja, whose ardent followers show in their lives the combination of rarest virtues reduced into practice and built on the firm foundation of plain living and high thinking.

2. This institution imparts instruction in the higher branches of Sanskrit learning. At present there are three courses, one for Nyaya, another for Vyakarana, and the other for Vedanta. There are also classes which prepare students for the collegiate course with suitable provision for Sanskrit studies and general subjects besides classes for Prabandham.

There is a Literary Society in which the students and Pandits freely take part very often; it goes by the name of "Geervana Vani-Sanjeevini Sabha."

3. This College has been approved by the University of Madras to impart instruction in Nyaya and Vyakarana of the Siromani Course of the examination for Oriental Titles. This year 2 students, were presented for Vyakarna Siromani Preliminary Examination and both of them got through the Examination, and 3 out of 6 in Nyaya Siromani Preliminary.

4. The College is provided with a fine building located at Moolamantapa Street, Sriperumbudur, with the temples and Embar Jeer Mattam on the northern side and the paddy fields on the southern side.

The late M.R.Ry. Singam Chetty Yatheendrudu Chetty Garu had provided the institution with suitable buildings both for the College and the Hostel attached to it.

He had also provided in his will for payment of Rs. 1,000 per annum for the upkeep of the institution. The present Trustees contribute 12-8-0 per mensem to maintain one student in the Hostel.

5. Besides free instruction, provision is made for free boarding for 10 students and free lodging for an equal number. About 8 students are given monthly stipends from the College Funds and there are four scholarships from the Government of Rs. 18.

6. The library consists of more than 835 volumes of valuable standard works in Sanskrit, Telugu and Tamil.

7. The management of the institution is in the hands of a Committee consisting of ten members, Mr. P. Rajamannar Chetty Garu, being the President and Rao Bahadur V. Ranganadham Chetty Garu, the correspondent and Secretary.

8. The College has a capital of Rs. 23,000, invested in Government Pro-notes including the late Maharaja of Bobilli's donation of Rupees ten thousand invested in Government Bonds. The expenses of the College are met from the interest on G.P. Notes and from annual donations and subscriptions collected from benevolent charities and private gentlemen. The annual grant given by the Government at present is Rs. 1,309.

9. The number of students in the collegiate section is 9 and is distributed as follows:—

Vyakarana ...	1	2	2	1	6

#### (11) Tiruvadi, Sanskrit College.

This institution is at present under the management of the District Board, Tanjore, maintained from the endowments under *Chatram* Funds. It had its origin in the several *Patasalas* and Vedic classes that once lay scattered in the *Chatram* at Orattanad, Nidamangalam, Rajamadam, Mimisal and Vilangulam. These were established by the benevolent Rajas of Tanjore, chiefly in memory of the several pious Ranees of the family and were in existence for a long time where pupils belonging to poor families

were fed, clothed, and educated gratuitously in accordance with the ancient ideals and traditions regarding Annadana and Vidyadana.

In the year 1877 these institutions were consolidated into one, and it was located at Orattanad, the then important centre. Three years later, for convenience sake, it was shifted to Tiruvadi. Then the school was divided into four classes beginning with the most elementary one. Gradually it grew up into an advanced Sanskrit school and in the year 1910 a 'wholesale reorganization' was effected, by which the status of the institution was raised to that of an Oriental College. It is at present approved by the Madras University in Branch I (Mimamsa Siromani), III (Nyaya Siromani), IV (Vyakarana Siromani), V (Sahitya Siromani), Vidvan with Sanskrit and Tamil, the Vidvan course with Tamil as principal and Sanskrit as subsidiary, and in the Tamil alone Vidvan.

Over and above these, the College provides for the two years course of studies for Certificates of Proficiency in modern methods of study as applied to Oriental Learning in the optional group Indo-European Philology with special reference to Sanskrit. The institution is also approved for the following groups of Proficiency:—

- i. Literary Criticism.
- ii. Indian Philosophy in its relation to the Western Philosophy.
- iv. Hindu Law and Jurisprudence.

There is also a high school course of six years preparing students for the Government Sanskrit and the University Tamil Entrance Examinations.

The College is open to all caste Hindus.

At present there is provision for 160 free boarders and twenty free scholars. Paying students may be admitted to any number without over-crowding the classes.

Attached to the College there is a free hostel and boarding house under the charge of a Boarding Superintendent. The Sub-Assistant Surgeon of the Local Dispensary is looking after the health of the boarders and the sanitation of the hostel. The College with the boarding house is situated in a palatial building of its own, on the northern bank of the river Cauvery.

Pupils admitted as free boarders and free scholars bind themselves that under ordinary circumstances they will continue their studies here till they appear for the Oriental Titles Examination.

There is a library consisting of various sections containing in all 2,120 volumes which is every year growing in size, to meet the demands of a first-grade Oriental College.

Attached to the College there are two Literary Societies, Vidya-vikasin Sabha and Tamil manava kazhagam and also a reading-room, supplied with the important journals, periodicals, and dailies in English, Sanskrit, Tamil, Malayalam and Kanarese maintained out of subscriptions from the students.

II. Sect. VI and Sect. VIII.

## UNIVERSITY OF OXFORD

The Secretary to the Delegacy for Oriental Students at Oxford has asked that the attention of applicants for admission to Oxford should be drawn to the following:—

Full particulars in the prescribed form are required and these must reach Oxford before the end of March in order to secure consideration for admission in October of the same year.

On the 31st March the list of applications for consideration is closed, and it is from this list that Colleges and the Delegacy for Non-Collegiate students choose the Oriental Students whom they are prepared to take (other than probationers for Government services and Government Scholars).

Late applications can be accepted only from men with high qualifications for research degrees.

No application can be favourably considered that does not include all the information necessary to enable a decision to be made.

The present Statutes give

- (a) Senior Standing only to those who have obtained a good degree with honours, to be approved by the Hebdomadal Council.
- (b) Junior Standing only to those who have obtained a B.A. or B.Sc. Degree approved by the Hebdomadal Council, with the important proviso that no degree will be approved for this purpose which does not include the study of English and in addition, of two of the following languages, Latin, Greek, French, German, Sanskrit, Arabic, Persian, Pali, Classical Chinese, of which either Latin or Greek or French or German shall be one.

Experience has shown that students from India rarely take these languages, and the results of the new Statutes will probably be that a large majority will have to pass Responsions or an equivalent examination. Even Junior Students must expect to stay for three years, because for every Final Honour School there is a preliminary which will take up all or almost all the first year. In this connection candidates for Jurisprudence should be carefully warned that a previous knowledge of Latin is essential, as is French or German for all other Schools.

In these circumstances applicants are urged to pass some examination exempting them from Responsions before they leave India. There are already facilities for taking the Cambridge Senior Local Examination but in order to get exemption from

**Responsions**, the certificate taken must include two languages "with credit" (other than **English**) of which either **Latin** or **Greek** shall be one.

*Form of Application for admission from Oriental Students.*

The following particulars must reach the Secretary to the Delegacy for Oriental Students before the end of March. Candidates who secure admission must join in October when the academic year begins.

1. Full name of applicant.
2. Age and date of birth.
3. Father's name, address and profession, or position.
4. (a) Applicant's previous education, i.e., at what school and for how long.  
(b) Applicant's University record.  
(a) Date of passing Entrance Examination.  
(b) Date of passing Intermediate Examination.  
(c) Date of passing B.A. degree with the subjects taken, especially languages included and honours obtained.  
(d) Date of M. A. Degree showing subjects and honours.
5. What subject does the applicant propose to read at Oxford? If different from the subjects taken for his Indian degree what qualifications does he possess for the proposed new course?
6. Certificates from School and University tutors about the applicant's character, conduct and ability. Special mention should be made of proficiency in games or other characteristics which will show his suitability for life at the University.
7. Certificates showing the social position of his family.
8. Financial guarantee from the applicant's father or guardian of the money necessary for living in England. The minimum per annum ordinarily for a member of a College is £350 and for a Non-Collegiate student £300 but at present prices students would be well advised to reckon on an expenditure of £400 and £350. It should also be stated whether the money will be sent through the Delegacy for Oriental Students. Under the rules, Colleges and the Delegacy for Non-Collegiate Students have the power of requiring that money be sent in this way.
9. If the applicant for admission as a Non-Collegiate Student be under 21 years of age, the Delegacy requires from parent or guardian written permission for him to live in lodgings.

*Letter No. L. S. 207/6/2, dated 30th October 1924, from the Joint Secretary, Indian Students Department, Office of the High Commissioner for India, London, to the Secretary to the Government of India, Department of Education, Health and Lands, Delhi, India.*

I am directed to refer to previous correspondence ending with your letter No. 1273 of the 18th June, relative to the Statute regarding Junior and Senior status of Indian Students at the University of Oxford, and to say that the Convocation of the University of Oxford, held on the 28th October, added a new clause to exemptions from Responsions as follows:—

“Any person who has obtained the Degree of Bachelor of Arts or Bachelor of Science at an Indian University approved by the Hebdomadal Council, provided that his course at an Indian University included the study of English and of one of the languages, Latin, Greek, French, German, Sanskrit, Arabic, Persian, Pali, Classical Chinese.”

This clause is now in force.

2. It will be seen that a graduate of an Indian University, under the new clause, will be eligible for exemption from Responsions, provided his course of study has included English and one Classical Oriental language. A student so exempted will of course be required to take the full three years' course leading to a Pass or Honours Degree at Oxford, unless his qualifications render him eligible for recognition as a Junior or Senior Student, in which case, in addition to his exemption from Responsions he would be entitled to exemption from the first year course.

3. I am to say that the High Commissioner is of opinion that the exemption now granted, is one which will prove of real value to Indian Students generally, and will tend to remedy any hardship caused by the recent Statutes governing the grant of Senior or Junior Status.

4. In this connection it may perhaps be pointed out that the grant of Junior Status, whilst securing exemption from Responsions is not always a desirable privilege in the case of Indian Students, seeing that they are then expected to take the First Public Examination (Moderations) at the end of their first year, and their Final or Honour school at the end of their second year, whilst as a general rule it has been found that it is difficult for a really good Degree to be taken within that period. Senior Status, on the other hand, exempts both from Responsions and the First Public Examination, and is therefore a valuable privilege.

5. It might also perhaps be pointed out that although to obtain the new exemption now notified, for the information of the Government of India, an Indian graduate need not necessarily have taken a modern European Language, such graduates would

---

do well to bear in mind that a good knowledge of Latin or French is as a general rule necessary for the purpose of the particular school they desire to take at Oxford.

6. I am to add that it is understood that a similar proposal in regard to the exemption of Indian graduates from the Cambridge. Previous will in the near future come forward for discussion and definite particular will be communicated as soon as a decision is reached.

*G. O. No. 79, Law (Education) Department, dated 20th January 1925.*

*Read the following papers—*

I

*G. O. No. 1905, Law (Education), dated 5th December 1924*

II

*Letter from the Joint Secretary to the High Commissioner for India, London, No. I. S. 207/6/2, dated the 19th December 1924.*

I am directed to refer to my letter of the 6th November regarding admissions to Oxford and Cambridge, and to say that the Delegates for Oriental Students at Oxford have recently had under consideration the new Statutes granting exemption from Responsions to students holding the Degree of B. A. or B Sc., of an approved Indian University, if they have passed in *one* language. I am to say that it was then noted that in cases where the one language required by the Statute has been offered, it is usually an Oriental language, and it was stated that many Colleges as well as the non-Collegiate body are most reluctant to admit students who do not possess a knowledge of Latin or French. It was therefore considered advisable that the attention of the University and other authorities in India should be drawn to the fact that it will be difficult for Indian Students to obtain an offer of admission unless they can show this knowledge of Latin or French, preferably by passing the Oxford or Cambridge Local School Certificate Examination.

The endowment at present consists of Rs. 18,600 invested in Government Securities from Kamalammal, daughter of the late V. Rama Aiyangar in accordance with the will of her mother, invested in Government securities.

As the income of the endowment allows of three scholarships being held simultaneously, the following rules in connection with the scholarship were framed by the Senate at its meeting held on October 25, 1912:—

A scholarship shall be awarded annually to a student professing the Hindu religion, who, after passing the Intermediate Examination in the first class in Group I, II, or III wishes to qualify for the degree of Bachelor of Arts (Honours) in either Branch VIII, II-A, or II-B, or III.

The scholarship shall ordinarily be tenable for three years.

In the event of there being no candidate eligible who is prepared to take an Honours Course, the scholarship may be awarded to a candidate taking an ordinary degree course, provided that Sanskrit or a Physical or Natural Science form part of the course selected by him. In such case the scholarship shall be tenable for two years.

The monthly value of the scholarship shall be Rs. 18.

The scholarship shall be awarded by the Syndicate at its discretion to a candidate it may select, provided that the candidate selected has shown distinguished merit in the subject or subjects chosen by him for further study in a University course.

It shall be lawful for the Syndicate of the University to declare that the holder of the scholarship has forfeited it for any misconduct which it may consider a sufficient cause for such forfeiture, and there shall be no appeal from its decision.

In the case of the death of any holder of the scholarship, or in the event of the same being vacated or forfeited by the holder thereof from any cause whatever, the Syndicate shall be at liberty either to appoint another scholar or to add the unexpended amount to the corpus of the fund.

The candidate must bind himself by written covenant—

(a) to prosecute his studies for the B.A. (Honours) Degree or the B.A. Degree Examination in the branch or group selected, in a college affiliated to the University of Madras;

(b) to pursue his studies continuously and diligently during the tenure of his scholarship;

- (c) to hold no appointment carrying a fixed stipend;  
 (d) not to hold this scholarship in conjunction with any other scholarship;  
 (e) to appear for the B. A. (Honours) or the B. A. Degree examination in the selected branch or group at the end of the period of tenure of his scholarship.

The scholarship shall run from the date of the scholar joining the college selected.

At the expiration of every six years from the date of institution the Syndicate may make new regulations with respect to the scholarship; but they have no power to divide it, or to reduce its amount.

Muttuswami Aiyar, B.L., K.C.I.E., primarily for the encouragement of the study of Law in its higher branches and especially of Hindu Law, and secondarily for the encouragement of the study of Physical and Natural Science. The endowment was accepted by the Senate at a meeting held on August 30, 1899, and the following are the conditions of award:—

The scholarship shall be designated the 'Sir T. Muttuswami Aiyar Scholarship', and shall be awarded by the Syndicate biennially or whenever a vacancy occurs. It shall be of the monthly value of Rs. 35 and tenable for two years or for such shorter period as the Syndicate may deem necessary in the special circumstances of each case.

The scholarship shall, in the first instance, be awarded to a student in Law who, having passed the B.L. Degree Examination in the University of Madras, wishes to continue his studies for the degree of Master of Laws in the same University; but if, on the occurrence of a vacancy, no student in Law shall apply for the scholarship it shall be awarded to a student who, having passed the *Intermediate Examination* in the University of Madras, wishes to continue his studies for the *Bachelor of Arts (Honours) degree in one of the sub-divisions of Branch ii or of Branch iii.*

On the occurrence of a vacancy, applications for the scholarship shall be invited from students in Law in three successive issues of the *Fort St. George Gazette*, and, if at the end of six weeks after the appearance of the first notification no application shall have been received from students in Law a new notification shall be inserted in the said *Gazette* inviting applications for the scholarship from students who wish to prosecute their studies for the *B.A. (Honours) Degree* in the aforesaid branches.

The age of an applicant must not exceed 25 years on the 1st January, preceding the date of the notification.

The scholarship may be declared by the Syndicate to be forfeited if the conduct or progress of the holder be unsatisfactory, or on account of his continued ill-health, or for any other reason which the Syndicate considers sufficient. There shall be no appeal from such decision.

The holder of the scholarship must bind himself by written covenant—

(1) to prosecute his studies for the examination of Master of Laws or *Bachelor of Arts (Honours)*, as the case may be, in the University of Madras, and to appear for examination on the first occasion admissible under the *regulations*;

(2) to place himself, for the direction and control of his studies, under the supervision of the Principal of the Madras Law College in the case of a student in Law, or of the Principal of a first-grade College situated in the town of Madras in the case of a student reading for a degree in Arts;

(3) not to hold any other scholarship in conjunction with this scholarship;

(4) not to pursue any calling inconsistent with the prosecution of his studies, nor to practise as a pleader, nor to hold any salaried appointment during his tenure of the scholarship.

Provided that nothing contained in this covenant shall be taken to debar the holder, if a student in Law, from serving his term of apprenticeship or from being enrolled as a pleader during the tenure.

The scholarship shall commence from the date on which the selected applicant reports himself to the Principal of the College under whose supervision he has to pursue his studies after executing the above covenant.

The Syndicate shall have power to make such changes in the conditions of the award as new circumstances may render desirable, provided that the object for which the scholarship has been founded shall always be kept in view and provided that the monthly value of the scholarship shall not be less than one-twelfth part of the interest accruing on the original endowment. Should, however, the Syndicate, at any time after the 'Tata scheme' becomes an accomplished fact, consider it expedient and feasible to utilize the income from the endowment in granting a scholarship for the encouragement of research in any of the above or other branches of learning, it shall be competent of them to do so.
